## Facing Post-Socialist Urban Heritage

4-5 October 2019, Budapest, Hungary

The third international doctoral / postdoctoral conference organised by the Department of Urban Planning and Design, Faculty of Architecture, Budapest University of Technology and Economics (BME).  
[urb.bme.hu](http://urb.bme.hu)

Throughout Europe, current urban challenges are posed by large-scale ensembles of modernity as a result of post-WWII development on both sides of the Iron Curtain. The urb/doconf 2019 is the third in a series of a doctoral / postdoctoral conference, to be organised on a biannual basis, which will provide a comparative overview of current doctoral research into the physical - built and natural - environment within post-socialist cities in Central and Eastern Europe (CEE), and post-soviet Asia.

Those invited include doctoral researchers – doctoral students, candidates or post-doctoral researchers (maximum five years after obtaining the doctorate degree) - specializing in architecture, urban design, urban planning or landscape architecture. The BME Department of Urban Planning and Design wishes to promote cooperation among doctoral institutions, building up a network for future generations of scholars through their specific fields of research related to post-socialist urban heritage.

### Main Conference Topics

The doctoral conference series is dedicated to post-WWII (after 1945) urban heritage of post-socialist cities focusing on the main research topics of the department. In order to compare different perspectives, we welcome papers examining the physical environment under the following sessions:

1. mass housing neighbourhood
2. urban space for reuse
3. waterside urban fabric and landscape transformation

Considering the three main conference topics/sessions, we are interested in different research methodologies: theoretical frameworks, comparative studies, morphological case studies, historic approach, research by design methodology, etc.

We seek contributions that (i) test the post-war heritage positions in the changing ideological context after the fall of the Iron Curtain, (ii) investigate the mutual impact of the spatial turn and the critique of functionalism on urbanity, or (iii) examine the role of post-socialist legacy in the formation of new identities.

In addition to theoretical questions, we wish to find pragmatic approaches when responding to the new challenges of sustainability and determining what kind of protection tool-kit is capable of addressing large-scale ensembles problems. Our aim is to discover special similarities and dissimilarities within the physical environment of post-socialist cities, discuss a wide range of options (from preservation to sustainable renewal processes) and create a network of doctoral researchers.

## Abstract Submission

Please send an extended abstract (400-500 words) and a brief academic biography (70-100 words).  
Send your abstract to: [doconf@urb.bme.hu](mailto:doconf@urb.bme.hu)

abstract deadline – 04 March 2019

notification of acceptance – 31 March 2019

## Publications

Full papers (using 4 pages-long template) will be published in the conference proceedings (e-book format with ISBN number). The official language of the conference is English. The template will be published after the acceptance of abstracts. Full paper deadline: **31 July 2019**

Participation at the conference is free of charge (one-and-a-half-day conference at the BME and half-day study trip in Budapest). The travel to Budapest (proposed travel days are the 4<sup>th</sup> and 7<sup>th</sup> October), accommodation, conference lunches and dinners should be paid by participants. For the previous DOCONF conference, see

## Conference Organiser

Department of Urban Planning and Design, Faculty of Architecture (FA), Budapest University of Technology and Economics (BME): [www.urb.bme.hu](http://www.urb.bme.hu)

Chairwoman: Melinda BENKŐ PhD habil / BME

Secretary: Domonkos WETTSTEIN PhD / BME

### Scientific Board

György ALFÖLDI DLA habil (Department of Urban Planning and Design, FA-BME, H)

Melinda BENKŐ PhD habil (Department of Urban Planning and Design, FA-BME, H)

Alexandra DJUKIC PhD (Department of Urban Planning and Urban Design, FA-University of Belgrade, SRB)

Barbara ENGEL PhD (Institute for Urban and Landscape Planning, Karlsruhe Institute of Technology, D)

Willemijn Wilms FLOET PhD (Faculty of Architecture and the Built Environment, Technical University Delft, NL)

Mariann FONYÓDI PhD (Department of Urban Planning and Design, FA-BME, H)

Miles GLENDINNING PhD (Docomomo ISC U+L, University of Edinburgh, GB)

Bálint KÁDÁR PhD (Department of Urban Planning and Design, FA-BME, H)

Anna Agata KANTAREK DSc, PhD (Institute of Urban Design, FA-Cracow University of Technology, PL)

Kornélia KISSFAZEKAS PhD (Department of Urban Planning and Design, FA-BME, H)

Richard KLEIN HDR, PhD (ENSAP de Lille, Docomomo France)

Kinga M. SZILÁGYI PhD habil (Department of Garden and Open Space Design, Faculty of Landscape Architecture, Szent István University, H)

Sándor PÁLFY DLA habil (Department of Urban Planning and Design, FA-BME, H)

István SCHNELLER PhD habil (Department of Urban Planning and Design, Szent István University, H)

Angelica STAN PhD (Urban and Landscape Design Department, Faculty of Urban Planning, "Ion Mincu" University of Architecture and Urban Planning, Bucharest, RO)

Árpád SZABÓ DLA (Department of Urban Planning and Design, FA-BME, H)

Julianna SZABÓ PhD (Department of Urban Planning and Design, FA-BME, H)

David TICHÝ PhD (Atelier Kohout, FA-Czech Technical University in Prague, CZ)

Sandra TREIJA PhD (Faculty of Architecture and Urban Planning, Riga Technical University, LV)

Endre VÁNYOLOS DLA (Department of Urban Planning, Faculty of Architecture and Urban Planning, Technical University of Cluj-Napoca, RO)

Lubica VITKOVA PhD (Institute of Urban Design and Planning, FA-Slovak University of Technology in Bratislava, SK)
